

Alexandros

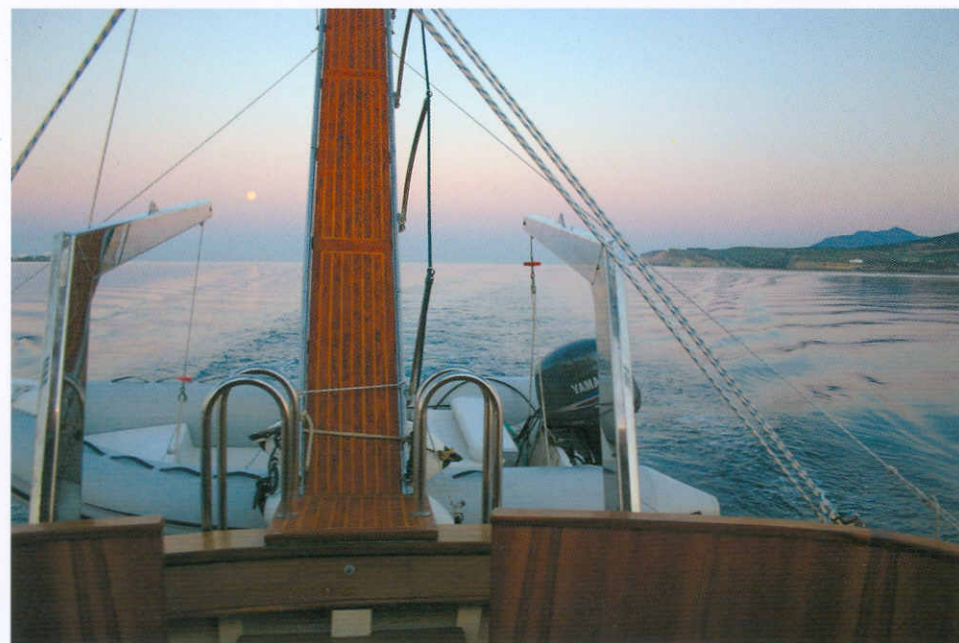

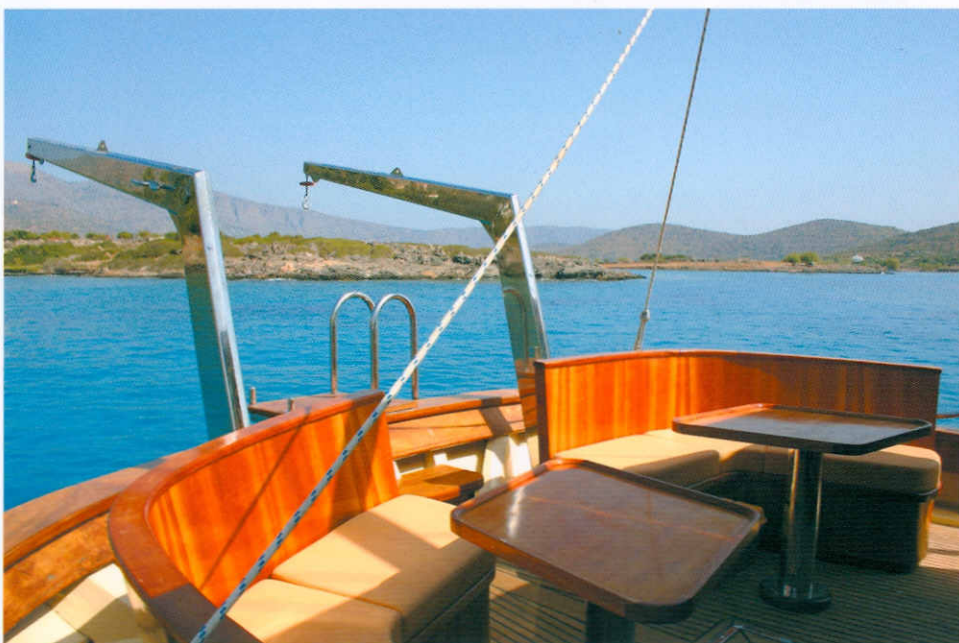

m\s Alexandros

Motor sailer *Alexandros* is a classic beautiful motor sailer designed and built in Greece with the last means of technology to combine the traditional Greek quality character of a gaff schooner and the perfect modern sailing yacht.

Made from carefully selected woods as teak, iroko, cherry, rose and olive tree and all the carpentry is handcrafted by experienced traditional Greek craftsmen.

The outside deck gives comfort for at least 10 guests with two large tables at the stern, one at the bow, ideal for breakfast, meals and relaxing sunset drinks. Plenty of space for sunbathing and other activities at the middle deck will make the life on board a real dream.

m/s Alexandros

The very beautiful interior provides luxuries and comfort for the guests of Alexandros with the large dining area, professional galley and panoramic view through out the large windows. It is carefully decorated with special selected woods and the result is a warm and inviting environment.

The 4 comfortable cabins accommodate 8 to 10 guests with plenty of spa-ce, luggage storage TV, music and telephone, all the cabins have en-suite bathroom or shower.

m\s Alexandros
